

The ALPS ECO Liner features a new distal construction with reduced stretch to control distal distraction. Using less energy to produce, the ECO Liner has a new seamless knitted construction with a chic new look. It is available in a Locking or Cushion Liner with the ALPS HD Gel to provide active amputees with a better degree of control.

Features and Applications:

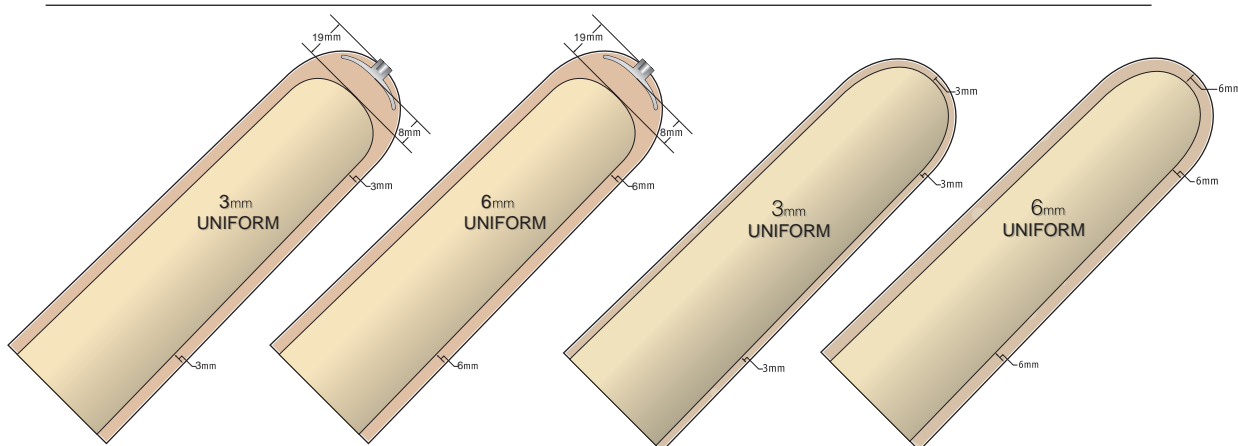

- New distal construction
- Only available in HD Gel
- Available in 3mm and 6mm uniform thickness
